U.S. Navy Blue Angels, Celebrating their 75th Anniversary, Will Fly Their New F/A-18 Super Hornets at Air Show

FORT WORTH, TEXAS (Oct. 11, 2021) – The renowned U.S. Navy Blue Angels will soar through the North Texas skies at the 31st Anniversary of the Bell Fort Worth Alliance Air Show Oct. 23-24 at Fort Worth Alliance Airport. 2021 marks the 75th Anniversary of the Blue Angels, the Navy’s very own flight demonstration squadron. The Blue Angels was initially formed in 1946, making it the second oldest formal aerobatic team (under the same name) in the world, after the French Patrouille de France formed in 1931.

There are ticket options for purchase at AllianceAirShow.com for premium and general admission parking, an exclusive area for photographers and seating with a buffet lunch are available. There will be no tickets sold on-site. With premium and general admission parking, each vehicle will be appropriately separated – with one space for the vehicle and the adjoining space for guests to park, picnic and play. Guests still will be able to photograph, see and feel the heart-thumping roar of the Blue Angels and other best-in-class performers.

“New for 2021, we’ve added the Landing Zone, a 1.5-acre area full of interactive, educational and fun exhibits and activities for all ages,” said Christina Carey, director of special projects for Alliance Air Productions, producer of the event and a nonprofit organization created by Hillwood.

In addition to the U.S. Navy Blue Angels debuting their F/A-18 Super Hornets, this first-class air show includes the, All Veteran Parachute Team, Bell 505, Bill Stein, David Martin, F-16 Viper Demo, Matt Younkin and U.S. Air Force A-10 Thunderbolt.
